Re: Tonolli, Inc. Site, Carbon County, PA

Dear Ms. McCartney:

Thank you for the extension to October 3, 1988 to respond to your letters of July 13, 1988 and August 12, 1988 notifying Western Electric Company of its potential liability under CERCLA for costs to be incurred in connection with removal activities and a Remedial Investigation and Feasibility Study at the Tonolli site. The purpose of this letter is to officially respond to those notice letters.

You indicated during our discussion on September 19 that an appropriate response would be an indication of whether Western Electric Company (now "AT&T Technologies, Inc.") will attend the meeting between EPA and potentially responsible parties scheduled for October 18, 1988 in Philadelphia. I hereby inform you that a representative of AT&T will attend that meeting to obtain information regarding the site and EPA's plan for remediation.

Again, thank you for your courtesy in this matter. If you have any questions, please do not hesitate to contact me.

Sincerely,

*Carolyn O. Tillman*
